OAKWOOD VETERINARY HOSPITAL

Fall 2008

Fall is Here...

Like our northern Michigan seasons, this past year has been full of changes at Oakwood Veterinary Hospital. Dr. Henshaw has been with us for a full year as of November 1st bringing with him experience in orthopedic and soft tissue surgery from a Grand Rapids re-

ferral practice. Oakwood celebrated it's 30th Anniversary last December (2007). Dr. Nowak (Roth) started a new service with Veterinary Orthopedic Manipulation (VOM) last spring. Four of our staff members got married this past summer, including Dr. Nowak (formerly

Roth). And Dr. Cozzens will be taking a well-earned winter break from Oakwood.

Despite all these changes and milestones, our mission remains the same in caring for you and your pets.

Dr. Cozzens' Winter Break

Dr. Bruce Cozzens is taking a well-earned break this winter beginning November 1, 2008. Bruce plans to spend the winter relaxing, traveling (to warmer climates hopefully!), and visiting his children and grandchildren. It is our hope and desire that Dr.

Cozzens will join us again this coming spring and summer for our "busy season". He will certainly be missed by all. We are sure you will join us in wishing Bruce and his wife Kathy some well deserved rest and relaxation after his 34 years of practice!

Summer of Weddings

Four staff members got married this summer! Congratulations to Ellen (May 3rd), Jessie (June 28th), Sarah (August 16th), and Dr. Robin Roth (September 20th).

Dr. Roth has changed her name to Dr. Nowak. Congratulations!

What is VOM™?

Veterinary Orthopedic Manipulation (VOM™) is a healing technology that locates the areas of an animal's nervous system that have fallen out of communication. VOM™'s goal is to re-establish these neuronal pathways and thereby induce healing.

Ask for more information if you feel your pet could benefit from VOM™!

Referral Program

The greatest compliment you can pay our staff is to recommend our services to friends and family. For every new client you refer to us we will add a \$5 credit to your account. Thank you for your confidence!

Keep pets safe during the holidays

With the holidays coming around the corner, please be aware of the items that may be dangerous for your pet. As you're celebrating with your family this holiday season, be mindful of the items below and keep your pet out of harm's way.

- Chocolate
- Gum
- Leftovers
- Alcohol
- Aluminum Foil
- Lilies
- Mistletoe
- Poinsettias
- Christmas tree water
- Ribbon/Tinsel
- Electric Lights
